EDUCATION

Aditya Engineering College, Beed

B.Tech in Computer Engineering

11 2022 – 08 2025

Beed, India

YCIP College, Beed

MSBTE Diploma - Computer Technology

08 2019 – 08 2022

Beed, India

EXPERIENCE

Internshala Trainings [↗](#)

Web Development Training

09 2021 – 09 2021

Remote

- **Front-End Development:** Worked with DBMS, PHP, and JavaScript to develop server-side functionality, handle data requests, and manage databases.
- **Back-End Development:** Enhanced skills in PHP and JavaScript, focusing on creating visually appealing and user-friendly interfaces.

Octanet Services Pvt Ltd [↗](#)

Web Developer Intern

05 2024 – 08 2024

Remote, India

- **Frontend Development:** Developed and optimized the user interface using ReactJS and Tailwind CSS, enhancing the overall website performance by **30%**.
- **API Integration:** Integrated third-party APIs for real-time data processing and optimized existing API calls to reduce response time.

PROJECTS

FireChat [↗](#) | Reactjs, Tailwind CSS, Firebase

[Live site here](#)

- Developed a real-time chat application using **React, Tailwind CSS, and Firebase** featuring secure login/registration and profile management.
- Implemented core functionalities such as **real-time messaging, file sharing, message timestamps**, and a **powerful search** feature.
- Ensured robust **user authentication** with Firebase, along with **password change and logout** features for enhanced security.
- Focused on creating an intuitive and responsive UI, ensuring smooth communication and seamless user experience across devices.

Dream Pixel [↗](#) | Reactjs, Nodejs, Expressjs, MongoDB

[Live site here](#)

- Developed an **AI-powered image generation application** using **MERN** allowing users to input prompts and receive dynamically generated images.
- Implemented advanced **AI models** to interpret user prompts and generate high-quality images, offering a seamless and interactive user experience.
- Designed a real-time interface that displays AI-generated images instantly, ensuring fast performance and enhanced user engagement.
- Leveraged modern front-end technologies and integrated **AI APIs** to build a scalable and efficient image generation platform, focusing on user-friendly design and high responsiveness.

TECHNICAL SKILLS

Fundamentals: Data Structures (DS), Database Management Systems (DBMS), Object-Oriented Programming System (OOPs), Artificial intelligence (AI)

Languages: JavaScript, Java, C, HTML/CSS, Python, SQL

Technologies/Frameworks: ReactJS, NodeJS, ExpressJS, Firebase, MongoDB

Developer Tools: VS Code, Git and GitHub, IntelliJ Idea Ultimate

CERTIFICATIONS

- Microsoft learning
- Diploma in Web Designing
- Artificial Intelligence
- Artificial Intelligence
